# Modern Style

Sleek & orderly, Comfortable & Welcoming

► Introduction

This modern second-floor house is one of projects we did in Perth, Australia, totally covering 382 square meters. Modern interiors are comfortable and welcoming without being cluttered and dark. It's a style that is equally appropriate for offices and stores, lofts and homes.

► Shapes

Simple, even minimal, such as clean lines, handleless flat door panels for kitchen & vanities, flat sliding-door for wardrobes.

► Colors

White, black and neutrals are the main colors in modern style interiors. The palette is often punched up and accented with bright and bold color. Black is often used to ground and define a modern style room. Walls are often painted in a basic neutral.

► Furniture

smooth, clean, geometric shapes are essential for contemporary style furniture pieces. Upholstered furniture often wears black, white, or other neutral tones in textured natural fibers. Cover it in a neutral, black, or bold fabric. Furniture pieces should be simple and uncluttered, without curves or decoration. Sofas, chairs, and ottomans have exposed legs. Beds and chairs usually have no skirt, trim, fringe, or tassels.

Project in USA

Mr. Wang is an admirable American customer, who takes 10 years from scratch to become a billionaire. In 2015, he chose to immigrate to Boston as an investor. This large villa with an area of 3,000 square meters is the best destination for his wife and three lovely daughters. Mr. Wang likes New England style, a typical local style. From the online inquiry, to come to the factory to visit the exhibition hall, to select samples, and to design the plan, we communicated with each other smoothly. Our team also went to Boston in person for measuring service, and finally we placed the order for production successfully. We hope that OPPEIN can bring Wang a happier life.
