JEWELRY

SHOWCASE

MASTER

It concentrates on retail commercial space designing and furniture manufacturing. Two factory total cover area of 30,000 square meters, and more than 400 people can be accommodated in the process of construction at the same time. Providing One-Stop Services solutions on better serving the retail industry with premier design-build-installation. Our commitment to customer service, product quality, and client satisfaction has allowed us to develop strong relationships with the world's leading brands. Shero treats QUALITY as the life of company.

Dreams are fulfilled, at Alraimi. This is not just a slogan; It is a promise. Our engineers and designers strive hard to turn your design ideas into reality. No matter how complex your product design may seem, we'll definitely find a solution and also provide improvement suggestions. We endeavor to ensure that all the materials we selected have been handling with flameproof, wearproof, antifouling high technology and passed the related certification testing in the process.

Alraimi has built its reputation on a commitment to providing quality products and services while rapidly responding to international needs for innovative. We won the highly praise from customers, even the people in the industry for more than 10 years. A primary strategy is superior customer satisfaction. The unique and fashionable design style can be contributed to upgrade your brand image and improve the product grade.

Our team

15 years' experience in jewelry showcase manufacture

Core Services

Business Space
商业空间设计

Provide Brand Original VI,SI, Project and Design optimization

Showcase manufacture
展柜家具制造

Customized showcase for luxury,Jewelry,Watches, Cosmetics,Museums etc.

Decoration
商业装修

More than 10 teams with 300 staff standby for providing unity, Standard,Group-type service.

Brand construction
品牌建设

Build special business and impression space with reasonable methods

All-In-One Service

一站式服务

We can supply not only originality design,but also deepen design service, Shero one stop solution including project management,comprehensive evaluation,transportation security, construction site methodology, cost control,performance, material,workmanship.

Our advantage

Strong factory strength
雄厚的工厂实力

Factory area 18000.00 sqm, advanced equipment, 200 more technicians

Perfect After-sale service
完善的售后服务

Good quality and reliable after-sale service System which is ready for the top brands in the whole country

The Best Technical team
专业的技术团队

Alraimi owns senior business space design teams and graphic design teams.

Our factory

We owns independent design studio,
a factory covering an area of 18000.00 sqm,
a professional construction and installation
Group with more than 200 technicians,
Factory facility includes wooden workshop,
Hardware workshop,glass workshop,
Baking finish workshop,stone workshop,
Acrylic workshop,the whole industrial chain,
We can do production processing with timber,
Iron,stainless steel,baking painting,
glass and stone etc.

2.Rust-proof and strong prying
resistant

OUR FACTORY

We are a modern manufacturer and provide full services from designing to final development and installation for all commercial furniture, decoration and accessories.

Bullet-Proof glass

E0 fire proof plywood

Germany imported hardware

USA led chip lights

Italy imported marble

304 finger print proof stainless steel

OUR ADVANTAGES

To ensure the product quality,the company sources top standard E0-E1 Eco-Friendly material for products and all the production processes are strictly done in accordance with ISO9001 Quality Management Standard,SAA,CE and UL certification and all approved from shopping malls and customs in other countries.

OUR GLOBAL VISION

One-stop service has been involved in India,Australia,Canada, UK and USA,which can provide local services directly like design, measuring, final installation, warehousing and effective after sales service. We ensure to do this within the time scales and specification agreed upon.

Engineer team

Name: SO-19001

Size: 760*410*1720mm
Technology: Full welding stainless steel
Application: Jewelry, Watch, antique, historical relics
Material: 1.2mm thick 304# stainless steel, 12mm
Ultra-clear tempered glass and UL/CE/SAA certification LED lighting

Name: SO-19002

Size: 800*950mm
Technology: German UV glue, Hot blending curved
glass and brushed stainless steel with bronze color electroplating
Application: Jewelry, Watch
Material: 1.2mm thick 304# stainless steel, 10mm
Ultra-clear tempered glass and light strips named CREE-American
light chips

Name: SO-19003

Size: 1100*1100*1100mm
Technology: Full welding stainless steel in bronze,solid legs,wooden
base
Application: Jewelry, Watch,bags
Material:1.2mm thick 304# stainless steel, 10mm Ultra-clear
tempered glass, UL/CE/SAA certification LED lighting

Product

Name: SO-19004

Size: 1200*500*1016mm
Technology: Round hot bending glass, baking paint,
German UV glue
Application: Jewelry, Watch,sunglasses,bags
Material: YILIAN-China famous brand flame retardant board
flame retardant grade B1, 10mm Ultra-clear tempered glass
and UL/CE/SAA certification LED lighting

Name: SO-19007

Size: 600*600*1550mm
Technology: German UV glue ,full welding electroplating in
bronze
Application: Jewelry, Watch, antique, historical relics
Material: Veneer finish, 10mm thick ultra-white tempered
glass and light

Name: SO-19005

Size: 1350*550*1250mm
Technology: Full welding stainless steel in bronze
Application: Jewelry, Watch, antique, historical relics
Material:1.2mm thick 304# stainless steel,10mm Ultra-clear
tempered glass, UL/CE/SAA certification LED lighting

Name: SO-19008

Size: 1000*1000*1150mm
Technology: Germany UV glue and full weld plating
Application: Jewelry, accessories, watches
Material: 10mm ultra-white tempered glass, 1.2mm 304#
titanium stainless steel and American Bridgelux chips

Name: SO-19006

Size: 400*400*1450mm
Technology: White baking paint,LOGO backlit
Application: Jewelry, accessories,phones
Material:10mm ultra clear tempered glass, China famous
brand Yilian brand flame retardant board flame retardant
grade B1 high-quality turntable with smooth and strong
endurance.

Name: SO-19009

Size: 1000*500*1016mm
Technology: Germany UV glue and full welding electroplating
Application: Jewelry, watches,bags,sunglasses
Material: 10mm ultra-white tempered glass, 1.2mm 304#
black brushed stainless steel, UL/CE/SAA certification LED
lighting

Name: SO-19010

Size: 1219*559*1067mm
Technology: Electronic lock Germany UV glue and full welding electroplating
Application: Jewelry, watches,bags,sunglasses
Material: Electronic lock, 10mm ultra-clear tempered glass, 1.2mm 304# stainless steel standing lights

Name: SO-19011

Size: 1200*350*2400mm
Technology: baking paint, Brushed Texture stainless steel frame line
Application: jewelry, watches, cosmetic
Material: baking paint, 1.2mm THK 304# stainless steel, 10 rulta-clear tempered glass

Name: SO-19012

Size: 1219*559*1067mm
Technology: piano baking paint,fire-proof E0 plywood and paint
Application: Jewelry, watch
Material: wood veneer,1.2mm THK 304# stainless steel skirting , 10mm ultra clear tempered glass COB downlight

Name: SO-19013

Size: 1219*559*1067mm
Technology: black baking paint, stainless steel chromes, electronic key
Application:jewelry,watch,displays
Material: 1.2mm 304# stainless steel skirting ,baking paint, hidden American Cree chips light strip

Name: SO-014

Size: 1219*559*1067mm
Technology: German UV glue, full welding stainless steel,45° seam edge
Application: Jewelry, watches
Material: 10mm thick ultra-Clear tempered glass , 1.2mm THK 304# stainless steel,UL/CE/SAA certification LED lighting

Name: SO-19015

Size: 1524*600*1016mm
Technology: Inside leather display base,frame 304 stainless steel
Application: storage can be with glass on top for jewelry and watches
Material:10mm thick ultra-Clear tempered glass,1.2mm THK 304# stainless steel hidden American Cree chips lights

Product

Name: SO-19016

Size: 500*400*1250mm
Technology: baking paint, Brushed texture line stainless steel with anti-fingerprint technology
Application: jewelry, watches
Material: baking paint, 1.2mm THK 304# stainless steel, 10 ultra-clear tempered glass

Name: SO-19019

Size: 1219*559*1067mm
Technology: full welding electroplating, fancy etching and German UV glue
Application: Jewelry, watch
Material: 10mm curve ultra clear tempered glass, 1.2mm THK 304# stainless steel and American Bridgelux chips

Name: SO-19017

Size: 1350*500*1050mm
Technology: baking paint, Brushed texture stainless steel with anti-fingerprint technology
Application: storage can be with glass on top for jewelry and watches
Material: 1.2mm THK 304# stainless steel, ultra-clear tempered glass

Name: SO-19020

Size: 1300*500*1016mm
Technology: German UV glue, matt close natural wood veneer paint
Application: jewelry, watches
Material: wood veneer, 1.2mm THK 304# stainless steel and 10mm ultra clear tempered glass

Name: SO-19018

Size: 400*400*1500mm
Technology: Brushed Texture stainless steel with anti-fingerprint
Application: jewelry, watch antique, historical relics
Material: 1.2mm THK 304# stainless steel, ultra-clear tempered glass

Name: SO-19021

Size: 400*400*1360mm
Technology: German UV glue, piano baking paint
Application: jewelry, watches, phone display
Material: wood veneer, 1.2mm THK 304# mirror stainless steel standing light and 6+6mm bullet-proof tempered glass

Product

Name: SO-19022

Size: 350*350*1410mm
Technology: piano baking painting, German UV glue, hidden lock
Application: jewelry, watches
Material: Fire-proof E0 plywood,fire-proof baking paint,UL certification LED lighting

Name: SO-19023

Size: 400*400*1280mm
Technology: brushed stainless steel, Ultra-clear tempered glass and German UV glue
Application: jewelry, watches, accessories
Material:high glossy close wood veneer,1.2mm thick 304# stainless steel American Cree chips with led, ultra-clear tempered glass

Name: SO-19024

Size: 600*400*1450mm
Technology: high glossy close natural wood veneer, German UV glue
Application: jewelry, watches
Material:Wood Veneer,1.2mm thick 304# stainless steel American Cree chips with led, ultra-clear tempered glass

Name: SO-19025

Size: 560*500*1920mm
Technology: baking paint, rotatable
Application: jewelry, ornaments
Material: MDF, turning disc, American Cree chips, ultra-clear tempered glass, safety lock

Name: SO-19026

Size: 400*400*1350mm
Technology: Wired Glass Technology,Brush Textured Titanium Stainless Steel
German UV Glue Technology
Application: Jewelry, watches
Material: 1.2mm thickness 304# stainless steel ultra-clear tempered glass,
USA CREE Light Chip

Name: SO-19027

Size: 800*950mm
Technology: Hot-Bending Glass Technology
Brushed Texture Titanium Stainless Steel
German UV Glue Technology
Application: Jewelry, watches
Material: 1.2mm Thickness 304# stainless steel, ultra-clear tempered glass,Pole lights,

Product

Name: SO-19028

Size: 400*400*1360mm
Technology: Brushed Texture Titanium Stainless Steel,
German UV Glue Technology
Application: Jewelry, watches
Material: 1.2mm Thickness 304# stainless steel
ultra-clear tempered glass
USA CREE Light Chip

Name: SO-19031

Size: 1219*509*1050mm

ultra-clear tempered glass,USA CREE Light Chip

Name: SO-19029

Size: 820*420*1350mm
Technology: Hot-Bending Glass Technology
High glossy black piano baking paint
German UV Glue Technology
Application: jewelry, watches
Material: 1.2mm Thickness 304# stainless steel
ultra-clear tempered glass,UL/CE/SAA certification LED lighting

Name: SO-01932

Size: 1200*550*1016mm
Technology: MDF sticky wood finishes
brushed texture stainless steel and the German imported UV
Glue
Application: Jewelry, watches
Material: Wooden finishes,ultra-clear tempered glass,pole
light

Name: SO-19030

Volume/Size: 1250*450*1250mm
Technology: Diamond cutting surface
stainless steel trim
45 degree Glass angle join
electronic lock technology.
Application: Jewelry, Watches, high end cell phones
Material: 1.2mm Thickness 304# stainless steel
ultra-clear tempered glass
Electronic locks, MDF/PLYWOOD and UL LLED lights

Name: SO-19033

Size: 560*500*1650mm
Technology: German UV glue, Hot blending curved
glass and brushed stainless steel with bronze color
electroplating
Application: Jewelry, Watch
Material: 1.2mm thick 304# stainless steel, 10mm
Ultra-clear tempered glass and light strips named CREE-
American light chips

Name: SO-19034

Size: 1300*500*1050mm
Technology: German UV glue, Hot blending curved glass and brushed stainless steel with bronze color electroplating
Application: Jewelry, Watch
Material: 1.2mm thick 304# stainless steel, 10mm Ultra-clear tempered glass and light strips named CREE-American light chips

Name: SO-19037

Size: 550*1250mm
Technology:Hot-Bending Glass Technology,German UV Glue Technology
Application: Jewelry, watches
Material: 1.2mm Thickness 304# stainless steel ultra-clear tempered glass,UL/CE/SAA certification LED lighting

Name: SO-19035

Size: 800*950mm
Technology: Hot-Bending Glass Technology
Brushed Texture Titanium Stainless Steel
German UV Glue Technology
Application: Jewelry, watches
Material: 1.2mm Thickness 304# stainless steel, ultra-clear tempered glass, Pole lights,

Name: SO-19038

Size: 1219*509*1050
Technology: high glossy black baking paint, Hot-Bending Glass Technology,German UV Glue Technology
Application: Jewelry, watches
Material: fire-proof PLYWOOD paint,ultra-clear tempered glass, UL/CE/SAA certification LED lighting

Name: SO-19036

Size: 400*400*1250mm
Technology: piano baking paint,fire-proof E0 plywood
German UV Glue Technology
Application: Jewelry, watches
Material: high glossy baking paint,1.2mm Thickness 304# stainless steel
ultra-clear tempered glass
USA CREE Light Chip

Name: SO-01939

Size: 400*400*1016mm
Technology: MDF/PLYWOOD baking paint,fire-proof baking paint, German imported UV Glue
Application: Jewelry, watches
Material: hanging wall display,baking paint,ultra-clear tempered glass, UL certification LED lighting

Product

Name: SO-19040

Size: 509*509*1067mm

Technology: closed paint wood veneer, Germany imported UV Glue

Application: Jewelry, watches

Material: wood veneer,1.2mm Thickness 304# stainless steel, ultra-clear tempered glass,USA CREE Light Chip

Name: SO-01943

Size: 1200*509*2440mm

Technology: open paint wood veneer, Germany imported UV Glue

Application: Jewelry, watches,museum

Material: wood veneer,1.2mm Thickness 304# stainless steel, ultra-clear tempered glass,UL/CE/SAA certification LED lighting

Name: SO-01941

Size: 450*450*1016

Technology: Hot-Bending Glass Technology
Brushed Texture Titanium Stainless Steel
German UV Glue Technology

Application: Jewelry, watches

Material: 1.2mm Thickness 304# stainless steel, ultra-clear tempered glass,Pole lights,

Name: SO-19044

Size:1200*509*2440mm

Technology: MDF/PLYWOOD baking paint,fire-proof paint stainless steel decoration line and the German imported UV Glue

Application: Jewelry, watches

Material: fire-proof paint, 1.2mm Thickness 304# stainless steel, ultra-clear tempered glass,USA CREE Light Chip

Name: SO-19042

Size: 509*509*1250mm

Technology: MDF/PLYWOOD baking paint,fire-proof paint stainless steel decoration line and the German imported UV Glue

Application: Jewelry, watches

Material: MDF/PLYWOOD baking paint,fire-proof paint, 1.2mm Thickness 304# stainless steel, ultra-clear tempered glass,USA CREE Light Chip

Name: SO-01945

Size: 1200*550*1450mm
